

10 Reasons to Buy

Power & control

RDB ProNet has the power
You have the control

Seeing is believing - book a demonstration and see for yourself
Call: 01256 314600 now or visit www.rdbpro.co.uk

1. Power

RDB ProNet has the power, performance and scalability that your business needs with the features that your users have been dreaming about. It's clever in the back and simple in the front.

2. Compliancy

ProNet is still the only fully compliant dot NET, desktop, recruitment CRM readily available in the UK over five years after its launch! ProNet works NOW and is scalable from one to many thousands of users.

3. Cutting Edge

ProNet utilises the best of Microsoft technologies to provide an application that is at the cutting edge but is cheaply and simply maintained with easy to find technical staff.

4. Support

RDB ProNet has inbuilt support for Vendor Management, On-line time sheets, websites and web portals, iPhone mobile applications and countless third party products including most common back office products and multi-posters. A truly complete platform.

5. Solidity

RDB ProNet is rock solid with zero unplanned downtime being the norm! Save tens of thousands of pounds annually in support costs alone.

6. Integration

Technically advanced with support for active directory integration, 64bit operating systems and 64 bit Microsoft SQL with ports to other SQL databases possible.

7. Deployment

RDB ProNet can be easily and quickly deployed. Hundreds, thousands, of users can be rolled out in weeks – not years!

8. Flexibility

A truly unique systems architecture means that it works great out of the box but is simply and cheaply customised to your company's particular workflow and branding giving you complete control. No other recruitment CRM can give you such flexibility and its available NOW.

9. Value

Excellent value for money with a first class return on investment. For larger companies a ProNet deployment would typically cost between 0.5% and 1% of one years' turnover and will deliver productivity gains for years!

10. Security

You will be in safe hands – First Choice Software has lots of experience helping companies move from legacy systems, we'll help to make the process as painless as possible and we'll deliver on time and on budget.

Power & Control

RDB ProNet has the power You have the control

The RDB ProNet engine delivers the performance and reliability top agencies demand. They understand that speed is nothing without control so we give them unrivalled flexibility to search and review data with workflows that are proven to improve productivity. Run searches and get the right results on their client's desk – faster than ever before.
